For Greater Cameron . . .

## Farmers Save Time, Money

Farmers and stockmen can save time and money by shopping in Cameron. Our area is becoming one of the most profitable agricultural sections of the state, thanks to the industrious habits of local farmers and stockmen. Their knowledge of agriculture and animal husbandry has enabled them to make valuable contributions to Cameron's growth.

The business and professional people of Cameron take pride in being able to supply the farmer's every need.

Farm supply houses in Cameron are always willing and eager to give you professional and scientific assistance in the care of land, crops, fowl, and livestock.

New farm implements and household appliances, plus other family needs, are offered by Cameron merchants to help add to our community's prosperity.

The Cameron lumber yards and farm supply people are glad to assist you with your feed and shelter problems. You can consult with them at any time for free information and estimates.

We know you can shop Cameron for all your farm and family needs. Shop the Cameron firms advertising in this week's Cameron Herald for outstanding values.

With F.M.L.

If baseball wants to survive the proliferating expansion era across the country, it may have to consider the specialist techniques of pro football.

Each major league now has six teams each in an eastern and western division, totaling 24 teams. The majors used to have 16 teams.

Football at the professional level entered this era after World War II with a new league organized about 1947, ebbing in a few years because of lack of support and remaining life in the 1960's with growth of metropolitan areas throughout the nation.

As the major baseball franchises proliferate, the farm system of previous Major League clubs suffer. With each new major league entry, a AAA pro club is squeezed out and interest in minor league

teams of lower classification dies.

110-110-110

To heighten spectator interest in so many major league clubs, baseball may go to the specialist era, like football, which has a defensive team which fields spectacularly and a hitting or offensive team which bombards pitchers.

With all the need for major league talent at the top, where are the great all-around stars going to develop? Some are naturals and make the "bigtime" on sheer talent, almost out of high school. But most major leaguers spend some time in the minor leagues maturing skills until their mid-20's.

Football came up with specialists in running backs, defensive backs, defensive linemen, pass receivers, kickers, etc.

Will we see the day when a World Series between the champions of American and National League fields two sets of players with almost unlimited substitution?

Football is at the advantage in that college football has been an enormous source of talent for the pro ranks. The major football powers in colleges and universities have become the "farm system" for pro football.

Baseball at the college and university level is not as highly developed.

The "great American pastime" faces changes reflecting an urban era.

## WASHINGTON REVIEWING CISD PLANS

Cameron Independent School District is one of 59 schools with desegregation progress under federal review, according to a U. S. Office of Civil Rights report sent to members of the Texas delegation in Congress.

Cameron schools are completely integrated in the high school grades and are integrated on a freedom of choice basis in 1st through 8th grades.

School Supt. D. R. Dodson said the CISD school board is aware that the desegregation program for Cameron ISD is under review in Washington. He said school officials supplied maps, charts and personnel data to the Washington office in December.

Dodson said present plans are to continue the program followed this year with the first eight grades offered at both the Yoe and O. J. Thomas campuses. OJT has 278 students enrolled and Ben Milam and Ada Henderson schools have 750 students.

During recent years, the Cameron board has reviewed a number of plans for providing classroom space under a totally integrated program.

One suggestion was to use O. J. Thomas school for a junior high. Dodson pointed out that although this seemed the most likely plan if the present program is not approved, it would mean a hardship for young children who would have to cross town to attend school.

Dodson said under Texas law a student must live at least two miles from school to ride on a school bus.

Texas schools whose desegregation progress is being reviewed in Washington are: Austin, Anna, Abilene, Atlanta, Galena Park, Cameron, Cason, Crockett, Dainger, Dayton, Marshall, Texarkana, Elyson Fields, Hearne, Kempthill, Jasper, Jefferson, Karnack, Kilgore, Lubbock, Nacogdoches, Palestine, Pevitt, Plainview, Rusk, Shelbyville, Taylor, Timpson, Trinity and Tyler.

School districts under review at the regional office are: Denton, San Antonio, Abilene, Bay City, Butler, Concord, Corpus Christi, Ector, Garrison, Greenville, Jackson, Jedd, Katy, Klein, Liberty, Monahans-Wicken-Pyote, Mt. Haven, San Angelo, Shady Grove, St. Paul-Shiloh and West Orange Cove Consolidated.

Twelve school districts have received final warnings that they face loss of all federal school aid. Garland, Richardson, Temple, Cypress-Fairbanks, Calvert, Center, La Vega, Lufkin, San Augustine, South Park, Arp and Madisonville.

### ADULT ED CLOSING

School closing exercises are scheduled for the 41 students enrolled in the Cameron Basic Adult Education Class. They will be at 8:30 p.m. Wednesday, May 21 in O. J. Thomas auditorium. H. D. Maxwell, County School Superintendent will be guest speaker.

MEMORIAL RECORD ALBUM featuring Yoe High Bands of the past and present is shown by band members (left to right) Cindy Nigliazzo, Carolyn Perkins and Mary Bowman. Dedicated to the late J. Francis Cox, the album is being sold by Yoe Band members in Cameron.

### Milam Shows Balance

## Food, Farm Programs Hit

Milam County appeared to be on solid ground amidst a controversy opened by an Illinois Congressman over food-aid and farm supports. Rep. Paul Findley, R-Ill., spotlighted 99 Texas counties as receiving large farm aid payments but not providing food stamp or surplus commodity programs for needy.

At issue is the proposed \$20,000 ceiling on farm aid to individual farmers. Congressional proponents say this would free money for wider distribution of surplus foods to needy.

Bell County was cited as an example of an imbalance in the federal aid program by Rep. Paul Findley, R-Ill. Findley released figures this week that indicated 63 farmers in Bell County received \$668,000 in federal farm aid during 1968 while, he said, non-participation in the federal food-aid program had left 11,724 hard-core poor in Bell County without food.

Alva Sanders, ASC office manager in Cameron, said a check of their files showed only seven individuals received farm program payments over \$20,000 in Milam County in 1968. Total government payments to Milam farmers in 1968 was \$2,535,942. This is balanced by a surplus commodity program for 2,269 low income county residents.

County Judge O. B. Harden said Milam County first distributed surplus commodities in April, 1956. The program was initiated by then County Judge Charles C. Smith. Cost of the program this year is estimated at \$22,915.50, with USDA paying \$13,767.53. Harden pointed out that the County pays for rent of a surplus commodities building and utilities. Most of the remainder of the annual budget is in the form of credits for office services provided by the county.

Lloyd Lathere, administrator for the county food program, estimated

that 65 percent of the food-aid recipients in Milam County were over 65 years old. He said individuals receiving the surplus commodities had incomes of less than \$10 per month. Foods distributed are canned meats and vegetables, canned juice, cheese, condensed and powdered milk, flour and meal, syrup, beans, peanut butter and lard.

Rep. Findley cited Bell, Harris, Bowie, Wharton and Ft. Bend counties as non-food aid counties with high federal farm aid income. He said Lynn County in West Texas received \$9.9 million for 1967 farm programs, the highest total of farm aid in the nation. He said although 25 percent of

the 10,314 county population was classified as hard-core poor, the county had no food aid program.

Findley defined hard-core poor as families of four with an annual income under \$2,200 or \$550 per person.

Judge Harden said he felt confident that the 2,269 (10 percent of the county population) on county food rolls represented all of the hard-core poor in Milam County. He said recipients are recommended for the program through agencies that cover the county regularly such as county nurses, school social workers and local welfare officials.

## LR BRIDGE IS BLOCKED BY COLLISIONS

A Cameron woman is recovering satisfactorily at St. Edward Hospital, the only victim of a spectacular traffic pileup on Little River bridge Sunday afternoon.

Seven cars were finally involved in the accidents which began in the northbound lane of the bridge about 5:45 p.m. Sunday and backed up highway traffic for several miles.

The collisions were unique in that no one was killed and only one person was reported injured.

Mrs. Annie Criswell of Cameron was listed in satisfactory condition by hospital spokesmen Wednesday. She is still under observation.

The series of rear-end collisions started when Mrs. Criswell's 1968 Pontiac was struck by a 1966 Chevrolet driven by Jack Hippen of Ft. Hood. DPS Patrolman Milton Wright said Hippen apparently misjudged his speed when he pulled in behind the Criswell car after passing another car on the bridge.

A Waco woman, Leola McCorkle, stopped behind the accident and her 1964 Ford was struck by a 1964 Buick driven by Robert D. Brown of Richardson.

Within a few minutes a pileup began in the southbound lane several hundred feet from the scene of the first collisions. Clifford Hodrick of Caldwell had stopped his 1969 Mercury and it was struck in the rear by Aaron Spells of Cameron, driving a 1964 Pontiac.

That collision knocked the Mercury into the rear end of a 1969 Chevrolet driven by Leroy Nelson of Houston, also stopped on the bridge.

Patrolman Wright, assisted by Cameron City Police and a Bell County highway patrolman, spent about an hour untangling the damaged cars and restoring flow of traffic over the bridge. Lines of blocked traffic extended all the way back to Cameron.

Charges of failing to control speed were filed against Spells, Hippen, and Brown, Patrolman Wright said.

## Modern Hospitals Vital To Cameron

The following is the second in a series of statements by community leaders emphasizing the importance of funding the new 50-bed St. Edward Hospital.

To Citizens of Cameron and Milam County:

Cameron's need for the new St. Edward Hospital is so broad that it touches everyone in our community as well as other communities and towns in our area. It is essential to accommodate present needs and to accommodate the growth trend now being experienced in every phase of our town.

The new hospital will add adequate modern facilities and equipment to present facilities and will be of major importance in efforts to obtain new doctors for Cameron.

Our entire citizenship feels this need of additional medical men, and these men naturally are attracted to locations where they can serve a community with the best possible facilities available.

There are many factors of progress that determine the well-being of a community: local governing bodies, schools, churches, public facilities, the people themselves and their attitudes, but a community that can supply its people with modern, well-equipped and staffed medical institutions can compare with any other town or city, regardless of size.

A new St. Edward Hospital will be the end of lots of hard work and sacrifice on the part of all our people. The remaining \$38,000 that we need to reach the \$250,000 goal can be reached if everyone will help out in this worthwhile community project.

We can then be assured that the health of our people and all those who will use the facilities will be cared for and ministered to in the best possible ways.

This tremendous step in progress is looked forward to by the Cameron Chamber of Commerce as we seek to help establish a brighter future for our town and our people.

Henry J. Litzman, Jr., President, Chamber of Commerce.

## Juniors To Show Broilers

The 15th annual Junior Broiler Show will open Saturday morning at the Cameron Commerce building when 30 young growers prepare for judging of their pullets and cockerels.

Each grower received 50 baby chicks in March to raise for eight weeks. Five best broilers are selected by contestants to enter in the annual show and are given to the grower's sponsor following the judging.

Dr. C. B. Ryan, of the Poultry Science Department at A&M University will be official judge. Interested growers may enter the junior judging contest from 8:30 until 9 a.m.

An awards banquet will be held at 7:30 p.m. Saturday with trophies and awards presented to the top five contestants in both the pullet and cockerel divisions.

Additional tickets are available for the awards banquet and may be purchased for \$1.50 each at the Cameron Chamber of Commerce office or from Bill Hornung, chairman of the Chamber poultry committee.

### School Accepts 3

### Resignations, Hires

### 3 At Board Meeting

Cameron school trustees accepted three resignations and approved hiring of three teachers for the 1969-70 school year. In a routine board meeting at Ben Milam School Thursday, the trustees also heard reports on the new linguistics program and new UIL athletic awards policy.

Resignations were accepted from Miss Mary R. Almsman, Spanish teacher, William E. Raten, high school social studies teacher, and Mrs. LaNelle Daniel, 5th grade teacher.

Hired for the next school year were: Mrs. Peggy Dyer, elementary teacher, Ernie Lawrence, assistant coach, and David Silar, assistant coach.

### DRUGS TAKEN IN

### LOCAL ROBBERY

Drugs valued at over \$500 were stolen from Schiller's Pharmacy last Thursday night along with cash, a typewriter and some reference books.

Police Chief John Shearin said the thieves forced the front door lock and left through a back door of the drug store.

The drugs taken included sleeping pills, "pep" pills, and birth-control pills. No narcotics were taken. Ed Schiller, store owner, said a complete inventory is being made of his stock. Also taken was a drugists typewriter, several reference books and about \$10 in cash.

Several suspects were questioned by Cameron police but no arrests have been made, Chief Shearin said.

### LaMarque Services

### For John Cammer

Funeral services for John Cammer will be 9:30 a.m. Thursday in LaMarque, Texas.

Mr. Cammer was born in Cameron and had been employed by Santa Fe Railroad here before moving to LaMarque. He is the son of the late Mrs. Cora Cammer and brother of the late Jack Cammer.

He is survived by three children and three sisters, Mrs. Cora Balbon and Mrs. Ruth Steed of Houston, and Mrs. Harold Redfield of Galveston.

## HUD Recertifies City's Program

The U. S. Department of Housing and Urban Development announced recertification of the Workable Program for Community Improvement for 39 cities, including Cameron.

Notice of the recertification was received last week from Cong. W. R. Poage.

Corsicana was the only other Texas city on the list of communities, which consisted mainly of southern and eastern cities.

HUD's recertification means that the community remains eligible for the several types of Federal aid which became available to it when it received its original Workable Program certificate, according to the HUD release.

Certification of a Workable Program is necessary before a community can receive Federal loans

and grants for urban renewal projects and low-rent public housing, and FHA mortgage insurance to assist in the private redevelopment of project areas and for rehousing displaced families.

Recertification does not constitute approval of any specific Federal aid. The Workable Program is a showing by the community of how it intends to use its own public and private resources to eliminate and prevent slums and blight.

Once its program is approved it can apply for the Federal aids to supplement local resources as needed. The community must show reasonable progress during the two-year certification period under its Workable Program to obtain recertification and remain eligible for these Federal aids.

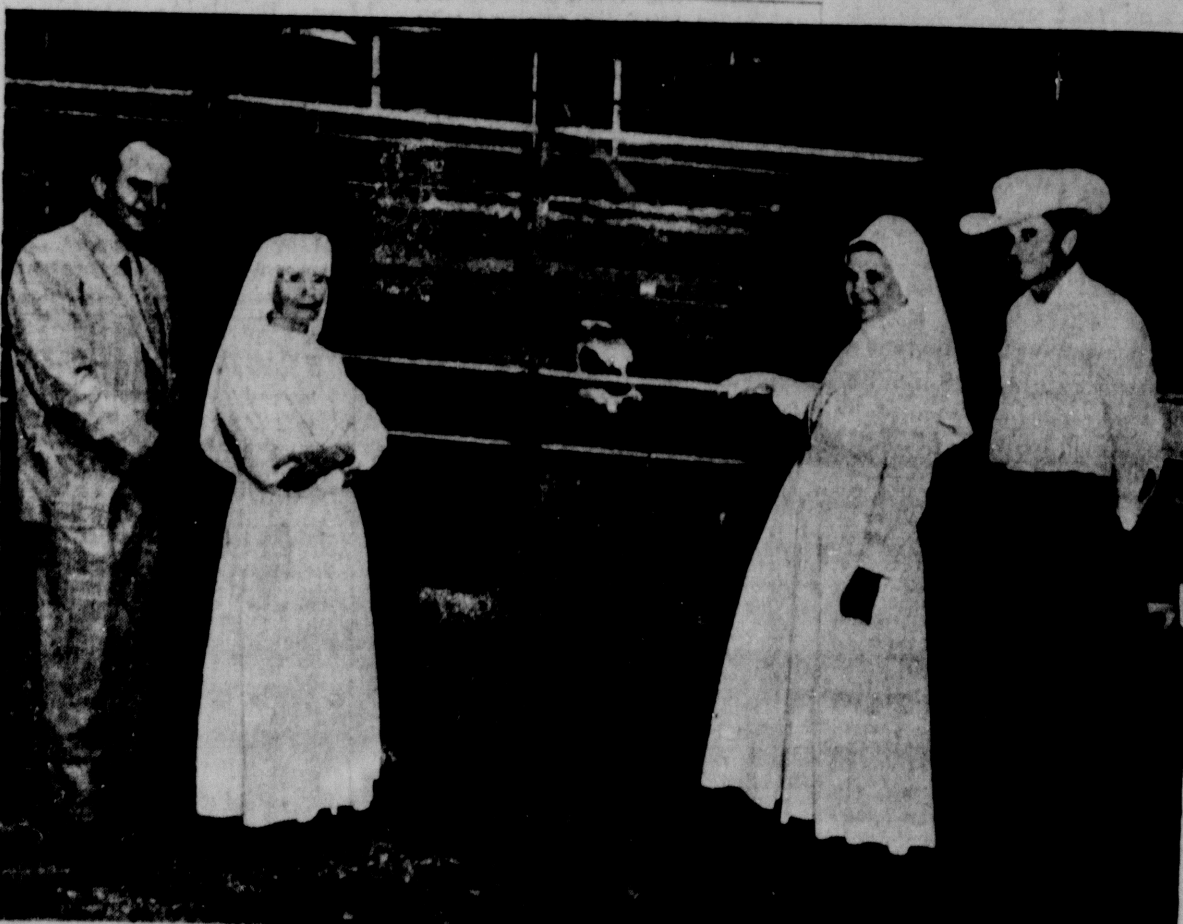

### Yoe High Announces

## TIPS

TO KEEP YOUR ELECTRIC AIR-CONDITIONER OPERATING AT ITS BEST

Your electric air conditioner will operate efficiently and economically through many summers of cool comfort when you follow these pre-summer checks:

- Replace or clean your filters once a month
- Oil the vital spots, as outlined in your owner's manual
- Have a qualified service man make periodic check-ups
- Set the thermostat for a reasonable "comfort zone"

## OUTDOORS IN TEXAS

By Vera Sanford

Great strides have been made by the fishing tackle industry during the past 20 years, one of the greatest being development and perfection of the fiber glass rod.

Despite the fact that exceptionally good rods have been produced by all the major manufacturers better ones seem to hit the market every season.

Reel manufacturers, however, have kept pace with the rod makers in improving their models. For years we have had the conventional spool type casting reel. But, year after year it too is being constantly improved.

Although the spinning reel dated far back in Europe, it didn't hit the United States until some 15 years ago. Since that time no well-dressed fisherman would be without at least one. Many anglers use them exclusively today.

Then, . . . zoom . . . came the momentous breakthrough with the spin-cast reel. It was an enclosed model. Generally it was used in the reel - seat of the conventional casting reel the old spool type bait-casting standby. But it was quite an innovation.

For several years many old-time fishermen ridiculed these closed-faced reels, calling them "the bung-hole reel." This was true especially among manufacturers who weren't making them.

Then some of the old - line reel-makers started importing these reels under their own brand names. Without a doubt the spin-cast reel did more for the novice fisherman than anything that has ever happened in the industry. This reel, with monofilament line, revolutionized fishing. Anyone, young or old, could fish with the spin-cast reel. It was "backlash free" and capable of long casts even in the hands of beginners.

Although such a rig was just the first step up from a cane pole, right away it became the one piece of equipment ideally suited to the new angler. . . man, woman or child. It really popularized fishing!

Today, many Isaac Walton Leaguers who learned to fish with

spin-casts are better fishermen, with conventional equipment, but they still like to have a bug-hole reel handy.

It was natural that, before long, many manufacturers began making both rods and reels (or at least marketing them) under their own name. Little attention, however, was paid to balanced equipment.

Today, nearly all manufacturers advocate balanced equipment - a rod and a reel built for each other. Basically it's the most efficient and effective arrangement. Nearly all the tackle manufacturers now sell balanced outfits of one type or another. And that's good! It gives you a feeling of teamwork, of united effort, of handling gear that is designed for a single purpose - graceful, accurate, effortless casting and retrieve.

**Mrs. Wanda Lee**  
The Mother's Day Homecoming was a success as usual. Wasn't the weather beautiful? There was a large crowd and many people that I didn't know. I know there will be many names omitted from this column, but I can only report what I know or what you the people report to me. So, if there was someone here for the homecoming whose name you'd like mentioned let me know before Monday noon and it will be in next week's column.

## In Milam Courts ...

# Disposed Cases Total 122

Twenty-eight felony criminal cases were disposed of in the District Court of Milam County during 1968, according to County Atty. John Henderson Jr.

No convictions resulted from the eight theft cases. Two defendants were tried jointly and were found "not guilty" in a jury trial. The remaining theft cases disposed of in 1968 were dismissed for insufficient evidence.

Of the eleven burglary cases, five resulted in convictions and confinement in the Texas Department of Corrections. Two of these were five-year sentences and the remainder were three-year sentences, including one conviction after jury trial. Four burglary cases were dismissed for insufficient evidence and two defendants were placed on adult probation.

Worthless check indictments accounted for five of the cases disposed of in 1968. In three of these cases, the indictments were dismissed after full restitution made by the defendant. One case was dismissed for insufficient evidence and one two-year probation sentence was assessed by the Court.

A two-year probation sentence was assessed a defendant convicted of driving a motor vehicle while intoxicated subsequent of fence. We had one assault with intent to murder case disposed of and this resulted in a three-year probation sentence. An indictment charging attempted rape was dismissed for insufficient evidence. Finally, a defendant previously charged with assault with intent to murder was dismissed upon restoration of sanity. This subject was earlier transferred to the Rusk State Hospital where he was a patient for approximately five years.

**COUNTY COURT**

In the County Court of Milam County, 94 cases were disposed of during the calendar year 1968, approximately 40 percent of these were DWI cases. Forty-one different individuals were convicted of driving a motor vehicle while intoxicated last year. Fifteen of these resulted in probation for a period of not less than six months with a fine of at least \$50 and providing for 30 days in jail. This period of 30 days confinement in jail is not served unless the probation is revoked. One of the 1968 probationers has had his probation sentence revoked during 1969 and served thirty days in jail plus some additional jail time and a fine for the 1969 case. The smallest fine in a 1968 DWI case was \$50 and the largest fine was \$150.

Two misdemeanor theft cases were completed during 1968. One of these was dismissed for insufficient evidence and the other was dismissed upon restitution being made to the injured party. One conviction for selling alcoholic beverages to a minor resulted in a \$100 fine and court costs. The only case charging "driving a motor vehicle without owner's consent" was dismissed for insufficient evidence. One defendant charged with concealing mortgaged property was never located and his case was dismissed for this reason.

Three individuals were charged with "defrauding an innkeeper". We were unable to locate two of them and the other case was dismissed for insufficient evidence. One individual was charged with making a false statement to the Texas Employment Commission concerning unemployment compensation benefits. He was assessed a fine in the case and court costs. Also, he is making restitution for a portion of the amount illegally received by him.

Six speeding cases appealed to the County Court from Corporation or Justice Courts were disposed of in 1968. In each of these cases, the appeals of the convictions from the lower courts were dismissed by the defendants prior to trial in County Court, when they paid the fines assessed in the lower trial courts. One individual was convicted of carrying a pistol and was assessed a fine of \$100 plus court costs.

Non-support cases continued to be a major item of business in the County Court. No convictions resulted from the charges being filed but 15 different men were charged with non-support in the County Court. Most of these cases were dismissed for insufficient evidence.

Also, 15 different cases charging "worthless (hot) check" were closed out last year. Most of these resulted in a fine of \$1 and court costs in the amount of \$40, with several of them being dismissed upon restitution being made to the injured party.

One individual was convicted of possession of a dangerous drug (not a narcotic drug) and was assessed a \$50 fine and court costs. During 1968, there was one conviction for firing a gun into a

## Letters And Relevancy . . .

The Herald's mail once or twice a year attests to this newspaper's attempt at relevant news coverage once weekly. This is such a week. The impossible goal is to serve public interests at

every level of a complex world. "Letters" this issue prompts us to keep trying.

We say thanks for the readership.

## What Others Say . . .

### Simplifying The Complex . . .

President Nixon has modestly begun the tremendous task of consolidating, coordinating, and simplifying the mammoth and myriad welfare-related programs of the federal government. We applaud this effort. We realize that it will take time, patience, careful win nowing. Congress may resist here and there—each program involves pride of authorship and has a special individuality of its own. But when a book of 600 pages has been required merely to list the government - assistance programs accumulated over the years, the need for consolidation is evident.

So Mr. Nixon begins that restructuring of government which the Republicans stress as vital, after all those inchoate freshets of Johnson - Kennedy legislation. Mr. Nixon is asking Congress initially for authority to merge or otherwise consolidate many of the government's 500 programs of assistance to states and cities. Now he is mainly requesting authority to combine related grants-in-aid programs into a single package, to be administered by a single government agency.

For example, five related health programs dealing with maternity benefits, aid to crippled children, migrants and special infant care would all be consolidated under a single authority. Then localities would need file only one application.

This is a revealing beginning, suggesting the style and current trend of the Nixon domestic program. No vast "pie in the sky" claims are being made. The Nixon argument is that the priority necessity of battling inflation, plus the Vietnam drain, prohibits any big boost in welfare or city - core spending at this time. So the drive is for efficiency. This consolidation proposal, the Nixon men argue, will permit more rapid federal action, will help state and local governments confronted with a bewildering array of rules, and will save the taxpayers money by eliminating inefficient duplications. Congress, it is stressed, will be able to disapprove any proposed consolidation if either House vetoes it within sixty days.

Meantime President Nixon has also appointed Housing and Urban Development Secretary Romney head of a new Cabinet committee to encourage "voluntary" citizens activities—to enlist all kinds of volunteer efforts in the attack on social and economic problems. Mr. Nixon stressed this approach in his presidential campaign. It won't rule out massive federal efforts, but it may spark a much more comprehensive, nationwide awareness of domestic needs and a compassionate, citizenwide effort to solve them. This, too, is a move in the right direction.

### Generation Gap . . .

Occasionally there appear exceptions to the generation gap.

The other night they had a rock-and-roll show at the Mid-South Coliseum featuring acid, which has been defined as "a lot of noise and a lot of flashing lights." Midway through the evening,

reports one of the teenage boys present, the youngster sitting next to him went sound asleep.

And that indicates either boredom or an appreciation for slumber, one of the finer things of life. Maybe there's hope.

## Uncle Charlie is very concerned about world problems...

## We're very concerned about Uncle Charlie!

You see, being concerned is about as far as Uncle Charlie ever goes. He worries about this...he worries about that...but actually getting out and doing something to solve some of those problems...well...that never occurs to him. So, the problems remain...some get worse...new ones arise...and good old Uncle Charlie always has plenty to voice concern about.

At Lone Star Gas, we believe in concern plus action. And we put that belief to work in the communities we serve, and for our more than one million customers. There are over 6000 of us at Lone Star Gas, and we like to think there isn't an "Uncle Charlie" among us!

## BIG CHIEF ON THE WARPATH

Dateline Austin . . .

## Special Session Looming On Legislator's Horizon

By Vera Sanford

AUSTIN When will the special session be? That's the big question around the state capitol.

Legislative leaders defied Gov. Preston Smith by deciding to pass a one-year budget bill instead of the customary two-year plan. Reason given was to delay new taxation.

House Speaker Gus Mutscher announced the decision after two weeks of maneuvering and unsuccessful efforts to sell Governor Smith on the idea. Lt. Gov. Ben Barnes, who had instigated the single-year budget tactic, of course concurred.

Smith has stated about as plainly as he can that he considers the Legislature obliged to pass a biennial budget and balancing revenue measures this week.

His implied threat of vetoing a one-year bill, however, went unheeded.

Many legislators, who have strong misgivings about the course charted by their leaders, are convinced Smith will call them back into session this summer to finish the budget-tax job, if they don't get the job done now.

The conflict could be long and bitter.

Barnes and Mutscher want Smith to wait until after the 1970 elections to call a special session on appropriations and taxation for 1971.

House-Senate conferees on the budget went to work this week to trim earlier 1970 spending recommendations by some \$69 million in order that teachers can get a pay raise without a tax bill.

Mutscher is convinced this can be done while preserving a "sound, progressive" budget for the first year of the biennium.

"Needless to say," observed House Appropriations Committee Chairman Rep. W. S. Healy of Paducah, "a lot of people are not going to get what they had hoped for."

### BLITZ IS ON

With less than three weeks left in the regular legislative session, tempers are warming and floor action is steadily increasing.

Governor Smith's desk rapidly is being covered with bills, and he is signing them at the rate of two dozen or more a day.

Among measures sent to Smith last week were a bilingual education act, permitting instruction in a language other than English on a local option basis; an obscenity control measure, and an act creating a new Commission on Law Enforcement Officer Standards and Education.

### BUSINESS OPPORTUNITY

You can make \$300.00 a week at this part time. Must be reputable, ambitious and energetic. Active in your church. College training preferred. Have \$300.00 to \$500.00 capital. Send resume to Box 7794, Waco, Texas.

House voted to license and regulate bail bondsmen, to set up a professional teachers qualifications commission, add 25 cents to auto inspection fees and add exhaust systems to items checked annually. Also to open juvenile court proceedings to the press when a minor previously classed as a delinquent is charged with a felony; replace the disturbing-the-peace law invalidated by the U. S. Supreme Court; recodify Texas education laws and provide a five-year prison term for selling narcotics to minors.

Senate approved state aid to cities and counties for cleaning and maintaining public beaches, new regulation of standards for the dental profession, a constitutional amendment to provide for a uniform method of assessing rural lands based on this year's new qualifications for health and accident insurance agents, 22 additional district courts, and stiff punishment for false reports to police.

State Affairs Committee approved bills authorizing new medical schools in Houston, Lubbock and Austin, new nursing schools at El Paso and San Antonio, a University of Texas at Dallas and a dental school at a site to be determined by the UT board of regents.

### EDUCATION GROUP FORMED

Texas Council for Higher Education in its first meeting threw its weight behind legislation to expand higher education, including state aid to private colleges and universities.

Blue ribbon 160-member group endorsed additional colleges "where warranted" and contracting for services of independent institutions. Although members differed over tuition increases, they passed a resolution calling on the legislature to determine an "equitable division of financial support between the state and those individuals directly benefiting from higher education." Former Congressman Lloyd Bentsen Jr. of Houston heads the council.

### COURTS SPEAK

Merchants have a right to believe that a person presenting a credit card is the lawful owner. So held the Texas Supreme Court in a case involving a Lubbock man's disclaimer of a \$1,335 bill to Sears Roebuck as the result of stolen card.

Brady radio station had the right to refuse an advertisement for the movie "The Graduate," says the Third Court of Civil Appeals.

Same court ordered a trial on suit to keep Railroad Commission from enforcing 1962 shipping rates for steel pipe and wrought iron. Overturning lower courts, the State Supreme Court ordered a new trial in a Potter County suit charging a doctor with medical negligence.

High court said residential deed restrictions do not prohibit duplexes in an area.

Supreme Court will hear arguments June 4 on whether sales by an El Paso firm to two men in Mexico were exempt from state sales taxes as international wholesale transactions.

### DRAFT CALL DOWN AGAIN

June draft call for Texas is 1,366, down from 1,453 in May. Col. Morris S. Schwartz, State Selective Service director, has announced.

Figure is the state's share of 25,960-man national quota.

A total of 8,202 will be forwarded for armed forces pre-induction physical and mental examinations next month in preparation for future calls, Schwartz said. Total for May was 8,234. June call-up is the lowest since January when 1,363 were on slate.

### APPOINTMENTS

Governor Smith withdrew nomination of Dr. Emerson Emory of Dallas to State Board of Mental Health and Mental Retardation because Emory is committed to accept a state salaried job as a physician.

Martin Holter, formerly of Lockhart, has been appointed director of accounting for the Liquor Control Board, succeeding Kenneth W. Cook.

### Habour Promoted

### By Dallas Bank

Bruce H. Harbour, son of Mr. and Mrs. B. F. Harbour of Rogers, has been promoted in the First National Bank of Dallas from assistant trust officer to trust officer. Harbour is in the trust investments department, services and planning division.

Harbour served three years in the United States Air Force after graduating from Baylor University in 1960 with a banking major in business administration.

Mrs. Howard Fulcher came home from the Johns Hospital in Taylor Friday after a ten day stay. Visitors in her home over the weekend were Mr. and Mrs. J. D. Caffey of Houston and Mrs. Zora Fulcher and daughter, Peggy and children of Houston.

## LETTERS....

Dear Mr. Luecke: Speaking for the parishoners of Sts. Cyril and Methodius parish of Marak, I wish to say a sincere thank you, Mr. Luecke, for the articles in the last issue of The Cameron Herald about the funeral of Navy Lt. (jg) Joseph R. Ribar. We are indeed grateful to you, Mr. Luecke, for the publication. It seems that campus riots, crimes, etc. make head lines, but a death and burial of someone (like Lt. Joseph R. Ribar) who gave his life for all of us, have lack of interest in area press. Marak parish will never forget May 2, 1969. Even though Marak is a small country parish, the people are sympathetic and helpful in instances such as this. It can truly be said of them, "He was a stranger to us, and we took him in and gave him a final resting place." May he rest in peace.

Thanks for a fine newspaper. For Sts Cyril and Methodius Catholic Parish, Mrs. August Hubnik

Dear Mr. Luecke: Please accept my personal thanks for your courtesy in making lunch available for the Temple Junior College Choir on the day they presented the program before Yoe High School. I think this is a most courteous gesture on your part, and please know that I appreciate it very very much.

It is nice to know of our splendid association with all of you in Cameron, and may I invite you to visit with us on the Temple Junior College campus at any time.

Sincerely yours,  
Hubert M. Dawson  
President

(This letter is in appreciation for a luncheon given April 24, for the TJC Choir by a number of Cameron institutions and individuals. The Editor welcomed the group and thanked them for the concert).

Dear Mr. Luecke: The Temple Junior College Choir is deeply indebted to you for helping to provide the delicious lunch on April 24 at the Texan Cafe. This indeed was a delightful surprise to us all. You people in Cameron certainly know how to win and influence students. The subject of conservation for the rest of our tour was the thoughtfulness and hospitality of you Cameron people.

Gratefully,  
Mary Alice Marshall,  
Head Music Department

Dear Mr. Luecke: It's a downright pleasure to compliment the taxpayers of the Austin District for their cooperation during the 1963 filing period. By far, the majority of tax returns were accurate, complete and timely. We appreciate it.

Our compliments also go to you and your staff, who helped make it all possible by assisting us in getting tax information to folks in your area. Of substantial help was your use of our Question and Answer column.

For your fine public service—we're thankful.

Sincerely,  
R. L. Phinney  
District Director

## OLD PHILOSOPHER

Dear editor: I don't want to get a bunch of housewives mad at me. I figure they've got more backbone than college presidents, but an item in a newspaper I read in town yesterday got me riled up and I'm going ahead and write about it and if anybody asks where I am, tell her I left on a two-month trip.

According to it, there's a wave of protest around the country over the price of beef at the grocery store.

"Why," one housewife I overheard said, "I just read that the price of cattle is the highest it's been since 1951. Something ought to be done about it, and I'll tell you one thing. . ."

But I didn't stop to hear the rest, as I've learned long ago that when a woman says "I'll tell you one thing," get set for 15 or 20.

I came on home and tried to decide whether I should sell that Jersey steer I've been fattening

out for the past three years or hold it for more money. Who knows, the price of cattle may soar above what it was in 1951, or 18 years ago.

Why not? Wages have soared far above what they were in 1951, the price of automobiles has nearly doubled, tractors and Congressmen have tripled, medicine has swooped. You bought any gasoline lately? Paid any interest? Bought a loaf of bread? Had a fender straightened? Sent a kid to college? Been to a hospital? Seen a movie? Got a haircut? Paid any taxes? Built a house? Bought a fighter-bomber? Paved a mile of road?

I don't want to argue, not in person, with that woman and her fellow-housewives around the country, but I'll send her a prime sirloin if she'll tell me what hasn't soared far above the 1951 price level, with the exception maybe of hog lard and toothpicks.

Yours faithfully,  
J. A.

## MRS. TITSWORTH HOSTS CLUB AT COUNTRY HOME

Mrs. Cornelius Titsworth was hostess to the Pleasure and Profit Club at her country home in the Ad Hall Community on Thursday, May 8.

Refreshments were served from the dining table which was laid with white linen cut work cloth. The table was centered with a tiered serving dish holding an assortment of attractively decorated party crackers. Miss Tina Titsworth served red fruit punch, and Mrs. Cornelius Titsworth presided at the coffee service. Other refreshments were sandwiches, chocolate and white cake squares, olives, nuts and assorted candies.

The program was presented by Mr. Cornelius Titsworth. Mr. Titsworth gave a paper on some of the happy and amusing incidents in the life of the Titsworth family, beginning his discussion with the time he introduced his wife, Silvia, to the Titsworth family. Mr. Titsworth said his ambition was to have the paper on remembrances published in book form, and he would continue to add to the works he has already compiled, and someday his efforts may appear in print. He urged others to do the same for their families.

## STUDENT WORK ON DISPLAY AT BELTON COLLEGE

BELTON

The Art Department of Mary Hardin-Baylor College will be presenting an open show of student art work, May 16 and 17, from 9 a.m. until 4 p.m. in Hardy Parlors. This is expected to be the largest show to be held in recent years on campus, showing a wider variety of work and featuring a greater number of artists.

The students will be showing work they have completed in classes during the spring semester. Work from the color and design class, paintings in oil, watercolor and acrylics, sculpture, and jewelry will be on display and for sale.

The Art Education class will be displaying work in copper, vermiculite, and papier mache. Their assembled work such as mobiles, montages, and texture boxes will also be shown.

The public is invited to attend. Refreshments will be served by the art students.

## CCC LUNCHEON ENDS YEAR FOR HISTORY CLUB

The Cameron History club held the last meeting of the year May 3, 1969 at the Cameron Country Club, where luncheon was served to 16 members and six guests.

Miss Helen Flinn, Mesdames J. C. Martin, W. C. Wallace, John Howard and J. E. Johnson were hostesses for the luncheon program. Guests were Misses Dallis Young, Ada Margaret Smith, Mesdames Eber Flinn, W. C. Weise Jr., T. D. Corley and James Watson.

Mrs. J. C. Martin introduced the guest speaker, Mrs. T. D. Corley, who presented a tape recording on the "Development of West Texas Frontier" in word and song. The recording was a clever sketch of the frontier and the songs depicted the way of life in that era.

**CHARITY DANCE BOOSTER** — Dr. C. G. Swift, chief of staff of St. Edward Hospital, buys the first ticket to the Three Arts Club Charity Dance from Mrs. John B. Henderson, Jr., ticket chairman, and Mrs. Lee Marek, Jr.,

Three Arts Club president. The dance at Cameron Country Club on May 31 will benefit the St. Edward Hospital Development Fund. Tickets are available through club members and at local businesses.

## Senior Citizens Program Planned

By Christine Laws

"Special for Senior Citizens." This is the title of the annual Milam County Sr. Citizen's Program to be held May 24, at 2 p.m. at the First Baptist Church annex in Cameron. This program is open to the public. For more details check next week's column. Everyone is invited.

Those who live and eat alone may be tempted to live on snacks and hit or miss meals. To solve the dilemma and keep an eye on the food budget, here are several suggestions.

A freezer or freezer compartment can help solve problems. Buy hamburger unfrozen and divide it into individual portions to freeze for future use. A pound will furnish one person with a small meat loaf that can reappear cold or as a hot sandwich with gravy. Canned consommé is handy for extending beef gravy if you run short.

Another portion, mixed with crumbs soaked in soya sauce and catsup, or a similar meat condiment, can be made into small balls, rolled in flour and frozen

ready to fry later. Meat sauce for spaghetti can be made in advance, or it can be combined with the cooked spaghetti and allowed to improve its flavor by standing overnight in the refrigerator. Or freeze it!

Individual steaks and chops also can be stored in the freezer. For fruits and vegetables, special shears and knives can be bought for cutting frozen vegetable packages into individual servings. Most prepared foods are available in small cans, jars or small packages, too. Frozen foods also come in individual packs—pies, tarts and casseroles.

Scalloped or au gratin potatoes and similar mixes can be prepared in quantity, then divided into smaller portions and frozen. Small cereal packages keep better than large ones that have to be opened and closed repeatedly. However, food in larger boxes or packages may cost less an ounce than their smaller counterparts.

Milk is the original "convenience food." Just pour and drink or use with other foods.

### PREVENT FALLS

With age comes impaired circulation and muscular, skeletal and nervous systems which tend to decrease in coordination, strength and stamina. Older persons have a tendency toward dizziness and limbs may be numb. Then falls occur!

To help prevent falls, here are some precautions or suggestions: Grab bars next to the bed, chair, bath and toilet will help. Rails assist with walking in hallways and on stairs.

Elderly should not take baths or showers without assistance.

Arrangement of personal belongings and equipment frequently used should be between eye and hip level to require less climbing and bending.

Encourage elderly to move more slowly. Sit in bed a few minutes before standing. Grasp for support when rising.

Arrange household duties so older persons do few jobs that require bending, stretching, climbing or carrying heavy loads.

Remove throw rugs, loose cords and tack down edges of carpeting.

Urge older persons to wear well-fitted shoes rather than loose, floppy house slippers. Keep shoe strings tied. Eliminate long ties on clothing. It is better to use buttons, zippers or pin fasteners.

## End Of School Dates Announced

End of school calendar for Cameron elementary and high schools ranges from picnics to exams for the final weeks with early closing May 22 and 23.

Students will be dismissed at 2:30 p.m. Thursday, May 22, and Friday May 23. School buses will run on the early dismissal schedule according to Alvis Fuquay, Yoe High principal. A change from previous years will be the time for distribution of report cards Monday, May 26. Busses will pick students up in time to deliver them to school at 1:30 p.m. and will return students to their homes at 2:30 p.m. Report cards will be distributed to all students between 1:30 and 2:30 p.m. rather than 8:30 to 9:30 a.m. as in previous years.

Seniors spent Friday at Six Flags Over Texas, leaving Cameron at 8:30 a.m. and returning Saturday morning about 4 a.m. Lower grade students class picnics at City Park started this week and will continue through May 21.

Official schedule for the final weeks of school is:  
May 14 - Awards Day Program, Yoe Gymnasium 10:30 a.m.  
May 16 - Junior-Senior Banquet, 8 p.m. Ben Milam Cafeteria, entertainment by Temple Junior College singers.  
May 21 - Final exams, 2:15 to 3:45 p.m.  
May 22 - Final exams, 8:15 to 9:45 a.m., 10:30 to 12 noon, 1 to 2:30 p.m.  
May 23 - Final exams, 8:15 to 9:45 a.m., 10:30 to 12 noon, 1 to 2:30 p.m.  
May 25 - Baccalaureate, 8 p.m. Yoe High Athletic Field.  
May 26 - Workday for teachers until 1:30 p.m. Report cards distributed to students from 1:30 to 2:30 p.m.  
May 26 - Commencement, 8 p.m. Yoe High Athletic Field.

## SHOWER HONORS DIANE HOWARD

Miss Diane Howard, bride-elect of Mr. Charles George Fisher, was honored in Houston on May 3. Miss Molly Gaden, a close friend of the bride, invited friends of the bride from the University of Houston to the miscellaneous bridal shower.

The Gaden home was beautifully decorated with fresh roses, pansies, and english ivy. Instead of the usual corsage the bride was presented a bundle of sky blue straw flowers for her new home.

## DEMONSTRATION SHOWS PLASTIC FLOWER CRAFT

The members of the Civic Garden Club held their closing meeting for the year Thursday at the home of Mrs. R. G. Grabein with Mrs. W. M. Fanning as co-hostess. During the social hour refreshments of pumpkin loaf cake and cheese loaf with assorted crackers were offered with fruit punch.

Mrs. Willie E. Falkner, program chairman, introduced the speaker, Miss Christine Laws, Milam County Home Demonstration Agent. She presented a demonstration type program on Forms Film Flowers. She said only a limited number of materials are needed—forms film (a liquid available in some paint shops and hobby shops) No. 14 florists wire, florists tape and centers for the flowers. The process: shape the wire, dip into liquid forms film and dry as the material is placed in an upright position. Styrofoam was suggested as a base for support. The speaker noted that the beauty of the finished creation will depend largely on the artistic ability of the person attempting the task and her knowledge of mechanics in assembling the various segments.

Mrs. J. A. Bowling conducted a short business session. Mrs. T. G. Raymond and Mrs. B. D. Clark were welcomed as new members to the club.

Mrs. Bowling installed the following as officers for the next garden club year: Mrs. Willie E. Falkner, president; Mrs. John Sapp, vice-president; Mrs. John Sapp, recording secretary; Mrs. John Ryan, corresponding secretary; Mrs. J. E. Crook, treasurer; Mrs. R. G. Grabein, parliamentarian; Mrs. W. M. Fanning, historian.

Mrs. Falkner appointed Mrs. Leo Fuchs, Mrs. John Sapp and Mrs. Sam Houston as the yearbook committee. Other appointments to standing committees were: Membership, Mrs. R. G. Grabein, chairman; Telephone, Mrs. T. T. Mackey and Mrs. W. M. Fanning; Social and Courtesy, Mrs. J. E. Crook and Mrs. J. A. Bowling; Flower Show, Mrs. Alvin Dasek.

# Poage Laments Student Violence; Favors A 'University Of Thugs'

Cong. W. R. Poage lamented student violence on university campuses and said he is "in favor of establishing a university of thugs, mugs and other hippies in the southwest corner of the walls at Huntsville."

The U. S. Representative cited the closing of Howard University and incidents of student unrest at other universities in his weekly newsletter.

"Unless somebody goes to putting these rowdies in jail," Poage said, "we won't have any schools where the really serious and ambitious students can pursue their studies."

## SCHOOL MILK PROGRAM

Cong. Poage said the Agriculture Committee won "a clear-cut" victory in the House with passage of a permanent extension of the School Milk Program.

"We think that this is a sound nutrition program and that it has helped many millions of school children to get a really nutritious diet," Poage continued.

"Our committee felt that there was no reason for not improving the diet of all school children with some payment on the part of those who could afford it," Poage said, noting that several amendments to the bill were voted down.

— Local and federal governments share the expense of the school milk program.

## LEGAL NOTICE

**LEGAL NOTICE**  
 Notice is hereby given that on May 6, 1969 the City Council of Cameron passed, approved and adopted a zoning ordinance the caption of which reads as follows:

AN ORDINANCE BY THE PROVISIONS OF ARTICLE 1011A TO REGULATE THE LOCATION AND USE OF BUILDINGS, STRUCTURES, AND LAND, THE HEIGHT, NUMBER OF STORIES, AND SIZE OF BUILDINGS AND OTHER STRUCTURES, THE SIZE OF YARDS AND OTHER OPEN SPACES AND THE DENSITY OF POPULATION; AND FOR SAID PURPOSES TO DIVIDE THE MUNICIPALITY INTO DISTRICTS OF SUCH NUMBER AND AREA AS MAY BE DEEMED BEST SUITED TO CARRY OUT THESE REGULATIONS; TO PRESCRIBE PENALTIES FOR THE VIOLATION OF ITS PROVISIONS, INCLUDING A FINE OF NOT MORE THAN TWO HUNDRED DOLLARS (\$200.00), APPROPRIATE CIVIL REMEDIES AND TO PROVIDE FOR ITS ENFORCEMENT.

Any person who shall violate any of the provisions of this Ordinance or who shall fail to comply therewith or with any of the requirements thereof, or who shall erect or alter any building, or who shall commence to erect or alter any building in violation of any detailed statement of plan submitted or approved thereunder, or noncompliance be deemed guilty of a misdemeanor and shall be fined not more than two hundred dollars (\$200.00) and each day such violation shall be permitted to exist shall constitute a separate offense. The owner of that building or premises or part thereof where anything in violation of this Ordinance shall be placed or shall exist, and any architect, builder contractor, agent or corporation employed in connection therewith who may have assisted in the commission of any such violation shall each be guilty of a separate offense and upon conviction shall be subject to the penalties herein provided. The enumeration of the penalties in this section in no way precludes the proper legal authorities of the City of Cameron from exercising any other appropriate action or proceedings authorized by Article 1011A V.A.T.S. to prevent unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance, or use, to restrain, correct, or abate any violation, to prevent the occupancy of any building, structure, or land, or to prevent any illegal act, conduct, business or use in or about the premises involved in the violation.

Break the toothpicks in half and stick them into the top, sides and one end of the lime. Use a whole toothpick for the tail.

Make the eyes by sticking the thumbtacks into the lime.

Use 4 of the matches for legs. Break the extra one in half and use it for the nose.

You can make different Gronks by using other fruits like lemons, oranges or plums and by using buttons, string or paint.

# Good Conditions For Cotton Crop Mean Plenty Of Weeds To Control

COLLEGE STATION  
The favorable moisture conditions indicate excellent prospects for a good cotton crop in nearly all of Texas, reports Fred Elliott, Extension cotton specialist at Texas A&M University. But he added, this also means there will be grass and weeds to control.

In the past, much of the weed control done by the farmers was by hoeing. But now, due in part to the scarcity of hoe hands, but mostly because it is easier, cheaper, quicker, and better than by hand, chemicals are quickly proving themselves. For every dollar invested in herbicides correctly

applied, the grower saves several more dollars in reduced production costs, said Elliott.

There are nine weed control chemicals recommended for use as preemerges in cotton. All of these can be applied in a band at the time of planting with equipment mounted on the tractor with the planter. Or, they can be band or broadcast applied as a separate operation immediately after planting.

Two of the chemicals, Planavin and Treflan, can be applied broadcast in the spring just before planting, but they must be soil incorporated, noted Elliott. They can be sprayed on the beds and incorporated with a Roll-N-Cultivator, row disc, do-all, or roto-tiller.

Incorporation should be shallow. It is very important to know where the incorporated herbicide is and to place the seed at the bottom edge of the zone of incorporation.

There are a number of herbicides available. Therefore, it will be well to study all the materials and learn as much as possible about their use, pointed out the specialist. Each grower can work out a system suited to his land and equipment.

Elliott said further information is contained in B-1029, "Suggestions for Weed Control with Chemicals," available from the local county agent. He also emphasized the importance of reading and following label instructions to prevent accidents.

Milam County reports participation in the 1969 Wheat and Feed Grain Programs is larger than in 1968. Final returns on the 1969 Wheat Program show that 130 farms with an effective allotment of 683 acres will participate. Intended diversion for payment amounts to 308 acres.

In the Feed Grain Program, covering barley, corn and grain sorghums, 1,183 farms with an effective base of 75,729 acres will participate. Total intended diversion will amount to 36,380 acres. There are 1,012 farms signed up in the 1969 Upland Cotton Program with a total effective allotment of 47,371 acres.

Across the nation, most producers of wheat, feed grain and cotton are showing a high level of program participation.

Final sign-up on wheat, nationally, shows 931,153 farms with 45,722,428 acres of allotments, or 88.7 percent of the total national allotment. This is a record number of farms, 139,019 more than in 1968, and is also a record percentage of national allotment on signed farms - 88.7 percent as compared to 85.4 percent in 1968.

## Screwworm Battle Is On

"Can you, the people of Milam County, meet your county needs?" was the challenge given to parents and leaders during the County 4-H meeting held May 8.

Lance Bullard, assistant State 4-H Club leader, issued the challenge during his program of meeting needs of youth from 9 through 18 years of age. A nationwide need for 4-H leaders was pointed out to the group of about 40 club members and parents.

An in-depth training meeting has been planned for September for 4-H parents who will be leaders.

### BUCKHOLTS CLUB

Final plans for the Buckholts 4-H Club hayride in June and July Bazaar were made at the May 5 meeting.

New officers were elected for the Buckholts Club and are:

Janisue Zajicek, president; John Tomascik, vice president; Kim Coufal, secretary; Carl Tomascik, treasurer; Steven Mendoza, parliamentarian; Michael Allison and Cassandra Marak, recreation leaders; Debra Coufal, council delegate; Debra McNeill, reporter; Donna Hause, refreshment chairman.

Mrs. Denson Rubac is organizational leader. A program on recordbooks was given by Christine Laws and Fred Schuetze.

### COUNTYWIDE CLUB

A report on district eliminations was given by Melvin Hollas and plans for the May 10 bakesale, June Hayride, and Junior broiler show May 17 were discussed.

New officers elected are: Melvin Hollas, president; Wayne Jistel, vice president; Paula Fleming, secretary; Michael Darlek, treasurer; Blane Laywell, reporter; Melanie McClaren, council delegate; Clyde Jistel, parliamentarian; Sandra Cobb and Rock Thweatt, recreation leaders; Della Laywell, refreshments.

### RANGE SCHOLARSHIPS

The Texas Section, American Society of Range Management is again offering \$500 scholarships to 1969 Texas high school graduates who plan to study range management. The scholarships may be used at any one of colleges and universities of the state offering a course of study in this field.

Screwworms are on the prowl in Texas. Case numbers are already higher than last year and a statewide campaign has been launched to combat the current threat of a major outbreak by this livestock pest.

At an emergency meeting in San Antonio on April 30, livestock producers were told of the seriousness of the situation. An action program was outlined stressing greater vigilance and better herd management practices along with the release of sterile flies in an effort to reduce the impending threat of heavy screwworm infestation.

Screwworms socked-it-to-Texas last year when a record 9,268 cases were confirmed, marking the worst epidemic since the eradication program began in 1962. The severe outbreak claimed the life of a South Texas woman last fall.

The cattlemen have announced plans for re-activating County Screwworm Eradication Committees to "beef-up" educational programs and keep all livestock producers and sportsmen advised of the serious screwworm situation. Collection kits and vials for mailing larvae to the Mission Screw-

worm Laboratory for identification will be available from the county committees as well as from county agents.

Dolph Briscoe Jr., Uvalde rancher and president of the Southwest Animal Health Research Foundation-industry group leading the battle against screwworms - told almost 100 key leaders that "no ranch is immune to the threat of screwworms this year. Texas has recorded more cases in a wider area this year than last, and case numbers in Mexico are much higher than last spring. Fertile fly migrations also are greater, and nearly ideal weather conditions exist for fly propagation."

Briscoe emphasized that prevention of cases is more important than ever, "for it costs about \$800 to produce enough sterile flies to treat a single screwworm case."

Dr. S. C. Gartman and Dr. M. E. Meadows, Jr., U. S. Department of Agriculture veterinarians from the Mission Screwworm Eradication Center, also emphasized that the threat of a major screwworm outbreak this year is considerably greater than last year, due to reduction in sterile fly production during the winter.

"Conditions are right for a heavy screwworm re-infestation, since sterile fly treatment in the barrier area along the U. S. - Mexico border has been lighter than usual with the limited number of available flies. Sixty-three cases have been confirmed in Texas this spring, compared to only 40 a year ago. Sterile fly treatment areas presently include the lower portion of the state as well as the Edwards Plateau region and along the Rio Grande to the Big Bend area. Fly drops also are underway in Arizona and New Mexico, where cases have been

confirmed; and for preventive purposes in Mexico," Dr. Gartman said.

The renewed battle against screwworms calls for county committees to emphasize the need for regular inspection of all animals, treatment of wounds - manmade and otherwise - with a product recommended for that purpose; and spraying herds with a recommended product.

"When infested wounds are found, livestock owners are asked to collect from 6 to 10 representative worms from the wound and mail the sample to the Mission Laboratory for identification," Dr. Meadows reminded. Only cases that have been positively identified as screwworms can be treated because of the cost factor.

## Tips From Tippet

Are you a jackrabbit driver? Do you take off from a stop light like a scared rabbit when the green light appears, then jam on the brakes at the next red light?

This kind of driving is hard on tires, brakes and the vehicle in general. It causes accidents too.

A jackrabbit driver doesn't always make sure another vehicle or pedestrian is in the clear before jamming the gas pedal to the floorboard.

Another driver who is asking for trouble is the one who can't stand to see a green light without speeding up to cross before the green cycle ends. He's as bad as the impatient guy whose day is ruined if he misses one segment of a revolving door.

Trouble with these guys is that they ignore the rights of other drivers and pedestrians. Thoughtful drivers will yield to other vehicles and, especially to pedestrians when there's doubt as to who has the right of way.

But the best driver is the one who recognizes traffic regulations for what they are a formal organized plan to expedite the flow of traffic, with safety for all.

## Easy-Care Fiber Is New For Upholstery

A new fiber makes possible upholstery with easy-care features and modern colors and designs, reports Bonny Lay. Extension housing specialist at Texas A&M. The fiber, new for upholstery, is olefin or polypropylene, the indoor-outdoor carpet fiber.

Fabrics made of olefin fiber shrug off soots and stains, says Miss Lay. Most common household stains can be sponged away with water and light detergent suds without fear of fuzzing or pilling.

Olefin also is mildew-proof and non-allergenic, she adds.

## Spray Pecans May 15 To 20

By J. D. Moore

Milam Countians are advised to spray their pecan trees to control the pecan nut casebearer as near on schedule as possible.

Casebearer pupae from banded trees serve as our best guide for dates to make spray applications. According to local counts made, pecan tree spraying should give good control of the casebearer worms if applied May 15 to May 20.

This may vary with the progress of the tree growth. Some tree varieties are earlier than others. However, there is a heavy survival of the pecan nut casebearer pupae and every indication points to a heavy infestation of the small worms that damage small pecans.

Recommended insecticides are DDT, Sevin, Guthion, Toxaphene and other insecticides used at the

rate of 1 tablespoon per gallon of water. Add a fungicide to the worm spray to control pecan scab (leaf disease) at the rate of 3 lbs. per 100 gallons of water or 1 tablespoon per gallon of water.

SWINE TOUR  
An educational swine program and tour will be held May 16, beginning at 1:30 p.m. at the K. C. Hall in Cameron.

According to Gene Hillman of Con-Tex Feeders Supply and Monroe Jungmann, area service representative, the tour will visit the Joe Tomek and Gene Hillman hog farms to see their swine facilities. The public is invited to attend.

NUMBER NINE ON THE BALLOT (SIRS)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 5, Article III, Constitution of the State of Texas, as amended, be amended to read as follows:

"Section 5. The Legislature shall meet in regular session each year at such time as may be provided by law and at other times as convened by the Governor. When convened in odd-numbered years in regular session, the Legislature shall devote the first thirty days to the introduction of bills and resolutions, acting upon emergency appropriations, passing upon the confirmation of the recess appointees of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the following thirty days the Legislature shall act upon such bills and resolutions as may be then pending and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided, however, either House may otherwise determine its order of business during this session by an affirmative vote of four-fifths of its membership."

"Regular sessions in even-numbered years, commencing in 1972, shall not exceed sixty days and shall be limited to legislation on the subjects of providing funds for the support of functions and activities of the state government and emergency matters submitted by the Governor in messages to the Legislature; commencing in 1971, appropriations shall be made for the support of functions and activities of the state government for the next fiscal year. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on August 5, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide for annual legislative sessions."

### Proposed CONSTITUTIONAL AMENDMENT

NUMBER FIVE ON THE BALLOT (SIRS)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended so as to read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may be hereafter provided, for the assistance of needy persons who are citizens of the United States or non-citizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years:

"(1) Needy aged persons who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps;

"(2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps;

"(3) Needy blind persons;

"(4) Needy dependent children and the caretakers of such children.

"The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws

making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of state funds for such purposes; provided that the maximum amount paid out of state funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of such assistance payments only out of state funds on behalf of such individuals shall not exceed the amount of Eighty Million Dollars (\$80,000,000) during any fiscal year.

"Supplementing legislative appropriations for assistance payments authorized by this Section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning September 1, 1969 and ending August 31, 1971: Three Million, Six Hundred Thousand Dollars (\$3,600,000) for Old Age Assistance, Two Million, Five Hundred Thousand Dollars (\$2,500,000) for Aid to the Permanently and Totally Disabled, and Twenty-Three Million, Nine Hundred Thousand Dollars (\$23,900,000) for Aid to Families with Dependent Children. Such allocations and appropriations shall be made available on the basis of equal monthly installments and otherwise shall be subject to the provisions of currently existing laws making allocations and appropriations for these purposes.

"Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to

the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enacts such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

"Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer or prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday in August, 1969. At the election the ballots shall be printed to provide for voting "FOR" or "AGAINST" the proposition:

"The Constitutional Amendment providing for assistance to and/or medical care on behalf of the needy aged, the needy blind, the needy disabled, and the needy dependent children and their caretakers; establishing Eighty Million Dollars (\$80,000,000) as the maximum amount that may be paid per year from state funds for assistance only; allocating and appropriating additional sums supplementing current legislative appropriations for assistance grants; and authorizing the Legislature to enact such laws as may be necessary in order that federal matching money will be available for assistance and/or medical care."

## Keep It Beautiful

If America hired people for the job, it would take the largest sort of army to keep our country free of litter.

But there's no need to hire anyone. It's a job we can do for ourselves. All of us. Every family that spreads a picnic lunch. Every boatman who cruises the lakes and waterways. Every motorist who uses our roads and highways.

It is the pleasure of the U. S. Brewers Association each year to give its fullest support to the Keep America Beautiful Campaign. Remember: Every Litter Bit Hurts. This is our land. Let's treat it right.

## House Passes Diverse Legislation As Budget Controversy Lingers

Legislation moved through the House at a good pace last week, with bills affecting holidays, poison animals, absentee voting, and peace officer certification, among others, detailed in Rep. Dan Kubick's weekly newsletter.

The lawmaker also commented on the issue of appropriations for one or two year periods. He quoted a statement from Speaker Gus Matlock's speech in the House that "a progressive appropriations bill including a teacher pay raise, can be written for the next year without new taxes."

Kubick said, "with the tight money situation and the uncertainty of the federal government taxing situation, it is to hold down our spending here in the state and within the \$2.7 billion budget."

**BILLS PASSED**

Beginning in 1971, dates for Washington's birthday, Memorial Day, Columbus Day, and Veterans' Day will be changed to fall on Mondays.

A \$500 fine and two years in jail for killing or injuring certain animals with poison animals Article 1773a of the Texas Penal Code. Dogs and cats are included in the bill.

Applicants for absentee ballots will not need a notary's signature on the application or a physician's sworn statement on the person's inability to vote in person.

New legislation was given to the Commission on Law Enforcement Officer Standards by SB 16. The bill also provides new education requirements for certifying new peace officers.

All state laws to be sold must be advertised and offered for sale to the general public in county papers where the land is located and also in general circulation newspapers.

A new Disturbing the Peace bill will replace the old statute which was declared unconstitutional. The bill specifies conduct that is disorderly.

## PROGRAM HIGHLIGHTS

When an unfair divorce settlement leads to a battle over child custody rights and ultimately to murder, Clinton Judd attacks the whole body of questionable divorce practices on ABC-TV's "Judd for the Defense" FRIDAY, MAY 23.

In "Visitation" Don Townsend learns his ex-wife, Barbara, will not consider a reduction of alimony payments and intends taking their son, Jerry, to Europe. Furious, Don goes to her brother's house where a fight ensues and the brother is killed.

Carl Betz stars as Clinton Judd and Stephen Young as Ben Caldwell. Guest-starring are John McMartin as Don

Townsend, Joanna Moore as Barbara, Elizabeth MacRae as Helen Barrett, Gavin MacLeod as Ken Miles and Jay Robinson as Dep. Dist. Attorney Roberts.

\*\*\*\*\*

William Holden and Richard Widmark star in "Alvarez Kelly", a drama of violent action and intrigue based on a true incident of the Civil War, on "The ABC Sunday Night Movie," in color, SUNDAY, MAY 18.

In "Alvarez Kelly", Richard Widmark, as Confederate guerilla leader Col. Tom Rossiter, faces the task of stealing a herd of cattle heading for the Union Army, in order to feed starving Richmond. He kidnaps Alvarez Kelly (William Holden), a renegade adventurer in charge of the cattle drive, and "persuades" him to teach the cavalry "cowboy techniques" prior to their seizure of his herd.

The feud between the two men is climaxed when Kelly's cattle overrun a battery of cannon and some 500 soldiers.

\*\*\*\*\*

Ricardo Montalban guest-stars as Nicholas Grobo, an international "fence" who is about to sell a stolen sample of a revolutionary jet fuel, to foreign agents, on ABC-TV's "It Takes a Thief" in color TUESDAY, MAY 20.

In "The Thingumabob Heist," Alexander Mundy is assigned to steal the sample back from Grobo. His primary difficulty is that the fuel is solid at ordinary temperatures, can be molded to resemble almost any object.

## JITTERS ARE NORMAL BACKSTAGE AT "MISS USA BEAUTY PAGEANT"

Backstage activity among the 51 beauties is a show of its own as they gather in the Miami Beach (Fla.) Auditorium for the annual "Miss USA Beauty Pageant," to be broadcast live and in color Saturday, May 24 on the CBS Television Network.

No matter how outwardly calm and poised she may appear, each of the 51 beauties is experiencing a strong case of the jitters—and understandably so.

"You get out there backstage waiting to go on to be introduced to a live audience of thousands and a television audience of millions," explains Didi Anstett of Washington, last year's winner. "While you're waiting, you look around and see all these gorgeous-looking girls who are competing against you, and you suddenly say to yourself, 'What am I doing here?' You get an instant complex. You're sure you don't stand a chance, and your first impulse is to make a mad dash for the doors and hop the first plane back home.

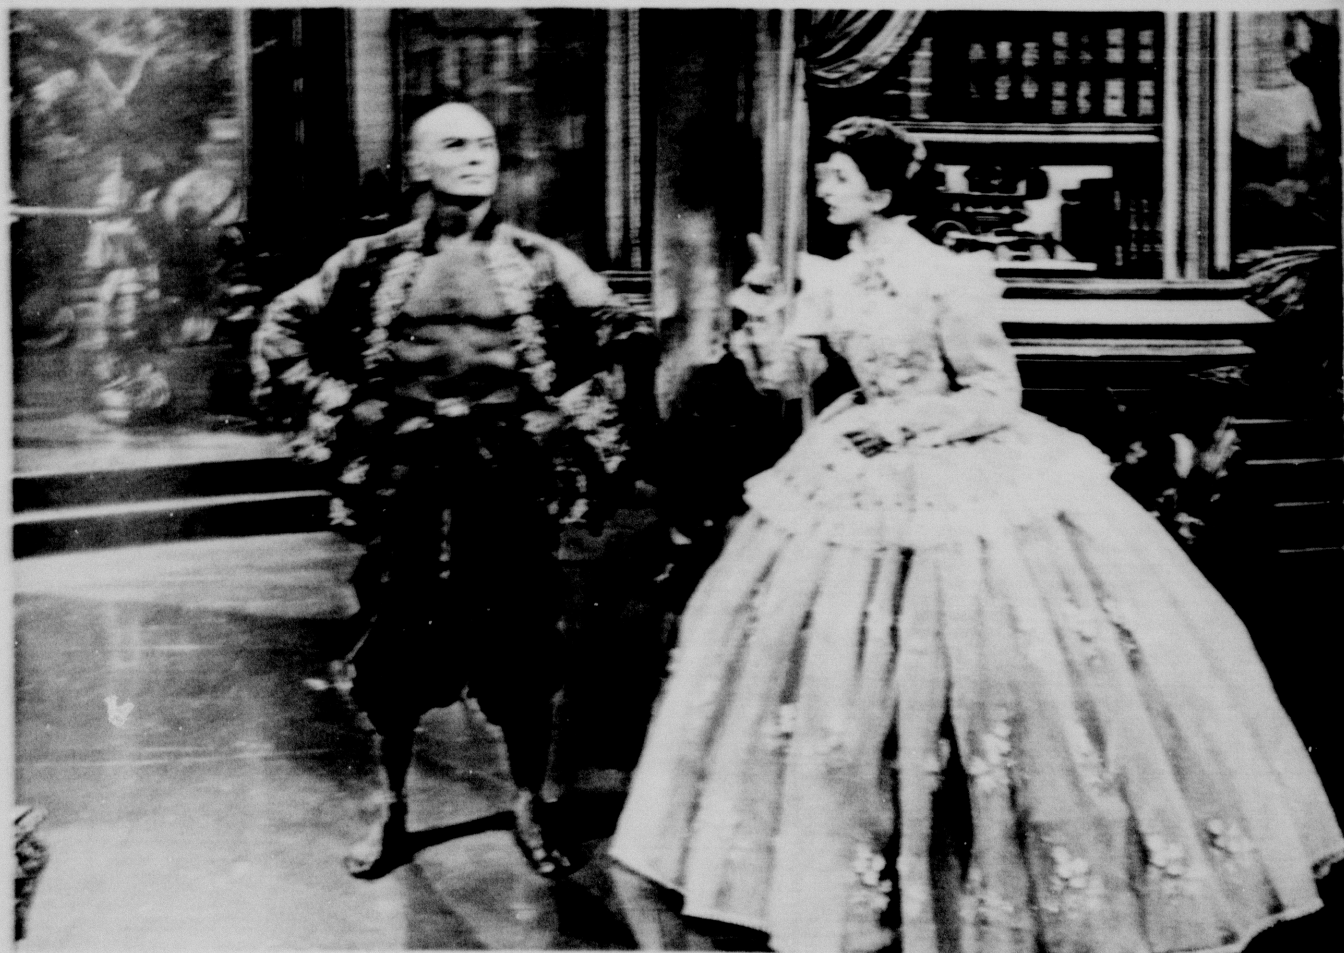

"My only explanation for such a reaction is opening-night jitters. I've heard that a great many veteran actors and actresses go through it every time they open in

a new Broadway play. Even Helen Hayes is known to have frankly admitted that she's nervous every time she appears in a new production."

After a week of strenuous rehearsals for the big night, every one of the beauties has a minor complaint—usually imaginary. A nurse circulates among them, spraying a soothing lotion on tired feet. Solicitous chaperones (one for every two girls) hover over their charges. Meanwhile, the anxiety of the contenders is manifested in a multitude of ways. Some of them pace back and forth. Some pipe for no apparent reason. Others keep tugging at their dresses or nervously pat their hair. Some even try to relieve the tension by humming a tune. There are those who suddenly discover they have lost part of their props and scurry about frantically. One or two of the girls stand in a corner saying last minute prayers.

Then the curtain goes up, and the girls walk out looking cool, calm and beautifully poised.

Only those who have taken part in the "Miss USA Beauty Pageant" really know the shaky feeling that precedes the 90-minute broadcast.

Yul Brynner stars as The King of Siam and Deborah Kerr as Anna Leonowens, an English governess and teacher to the numerous children of the autocratic monarch in "The King and I," the motion picture adaptation of the celebrated Rodgers and Hammerstein

Broadway musical, which will be seen on THE ABC WEDNESDAY NIGHT MOVIE, Wednesday, May 21.

Yul Brynner won an Academy Award for his role as The King.

William Holden stars as a renegade adventurer and Victoria Shaw as one of the women in his life in "Alvarez Kelly", a drama of violent action and intrigue based on a

true incident of the Civil War, on THE ABC SUNDAY NIGHT MOVIE, Sunday, May 18.

MRS. ROY D. WOODARD OF Mesquite, Texas, represents the 1,500,000th person alive, well and cured of cancer in the United States. That milestone was passed in 1968, according to the American Cancer Society. Mrs. Woodard, mother of two sons, had cancer of the cervix in 1961.

## NEWS NOTES

Kelly Wood is creating the new, featured role of Laurie Lawson on "Search for Tomorrow," daytime drama on the CBS television Network. Miss Wood was on the national tour of "Fiddler on the Roof," had the title role in the off-Broadway production of "Cindy" and has appeared in summer stock throughout the country.

"I first wanted to be a cartoonist when I was 7 years old," says Charles Schulz, whose career will be depicted on "Charlie Brown and Charles Schulz," entertainment documentary to be presented Saturday, May 24 in color on the CBS Television Network. "I talked about it so much that my family nicknamed me 'Sparky' after the horse 'Sparkplug' in the comic strip 'Barney Google' "adds the creator of the United Feature Syndicate strip "Peanuts."

John Gary, popular singer and television personality, will be the special guest entertainer on the "Miss USA Beauty Pageant" broadcast, 90-minute color special to be presented live from Miami Beach (Fla.) Auditorium Saturday, May 24 on the CBS Television Network.

He will join hostess June Lockhart and master of ceremonies Bob Barker for the glamorous finals of the 18th annual pageant.

Gary was the star of "The John Gary Show," a summer series on the Network three years ago.

The "Miss USA Beauty Pageant" broadcast will highlight competition among 15 finalists, selected from among 51 contestants representing each state and the District of Columbia, for the Miss USA 1969 crown.

The Procter & Gamble Company, represented by Leo Burnett Company, Inc., is the sponsor of the "Miss USA Beauty Pageant" broadcast.

Leigh Lassen, who plays Patti Tate on "Search for Tomorrow," seen weekdays on the CBS Television Network, is the granddaughter of Princess Ketto Mikeladza, distant relative of the last Russian czar, who escaped from the Russian province of Georgia during the Revolution. A great beauty, the princess was spotted by Flo Ziegfeld when she arrived in the United States and was signed for his famous "Follies."

Katherine Meskill, seen as Mattie Grimsley on "The Edge of Night," daytime drama series on the CBS Television Network, met her television husband, Walter Greaza, when both were members of the repertory company at the famous Elitch Gardens in Denver in the early 194s. Greaza has been in the cast of "The Edge of Night" since the series started on television.

Anissa Jones, who stars as Buffy on "Family Affair," seen Mondays on the CBS Television Network, broke her leg in two places last week (16) when she fell from playground equipment at school in Playa Del Rey, Calif. She will have to wear a full-leg cast for four to six weeks, almost the entire period remaining in the show's production hiatus. Despite her discomfort, Miss Jones looked at the bright side: "I can get a wheelchair in a few days, and then I'll be a woman driver."
